How your company can profit from The Hongkong Bank Group's extensive knowledge of international markets

Although The Hongkong Bank Group originated in Asia, we have always had a very international outlook. Much of the financial support for overseas investment and trade by Asian companies doing business outside Asia has come from us. If your company is interested in establishing or building up its business anywhere throughout the world, you should consider using the accumulated knowledge, understanding and resources of The Hongkong Bank Group.

We can advise you on all areas of financial investment.

Business partner for Asian companies overseas.

Whether your company is exporting manufactured goods or importing primary products or machinery, we can help you all along the line. In addition to more than 200 branches throughout Asia, The Hongkong Bank Group has offices in many other countries around the world. Market information and statistics are marshalled by our offices and then cross-referenced for the use of our clients. In this way, businessmen can

interpret facts and figures into selling and buying opportunities abroad – without having to leave their home base. This background information can include such vital factors as the ins and outs of trading overseas, taxes, laws, quotas, duty regulations, trade fairs and promotional possibilities, European Common Market facts and so on. All areas where inside information could give you a very competitive edge in very competitive markets.

International financing organized.

As one of the world's biggest banks and with assets currently exceeding US\$9,000 million, The Hongkong Bank Group is well placed to arrange the many diverse kinds of financial help needed to do business overseas, be it in Europe, America or Australasia.

We can help you with all kinds of money matters throughout the world.

International financing, foreign exchange dealings, Eurodollars and Eurobonds – these can all be handled by us, through our network of branches throughout Asia and abroad. We can play a valuable intermediary role too, helping you avoid the delays

that often occur when you deal through local or correspondent banks in countries outside Asia. And these are delays that can affect costs because of overnight changes in the rate of exchange.

Valuable contacts arranged.

In every country abroad, The Hongkong Bank Group people are well-known locally and can therefore introduce you right away to your most influential contacts – ones that might otherwise take you years to establish. They know the people you should meet: agents, fellow businessmen, suppliers, Government representatives and those in technology and industry... all at the right level.

We are where you want to be – in the most important cities of the world.

For further information on how you can profit from The Hongkong Bank Group's knowledge, please contact any of our offices throughout the world.

The Hongkong Bank Group includes The Hongkong and Shanghai Banking Corporation; Mercantile Bank Ltd; The British Bank of the Middle East; The Hongkong Bank of California; Hongkong Finance Ltd Australia; Wardley Ltd, Hong Kong; Hang Seng Bank Ltd, Hong Kong; and Wardley Canada Ltd.
